Help Us Help Kids

Outdoor Wish Program

Benefit4Kids would like to take this opportunity to unveil our Outdoor Wish program to your organization.

The Outdoor Wish program has been designed to allow children with debilitating conditions or terminal illnesses an opportunity to experience the outdoors in a way they would not otherwise have the chance to do. We feel that there is no reason a child should ever be denied their “wish” for an outdoor experience. Our goal is not only to accommodate the child’s wish, but to also see that at the very least part of the immediate family are included in the “wish”, so that they may share the experience, creating invaluable memories together.

Currently, Benefit4Kids is compiling an extensive network of guides, outfitters, and other organizations that can not only accommodate a child such as described above, but would genuinely be interested in helping out just such a child. The Outdoor Wish network will encompass, but is not limited to, the following types of “wishes”.

Camping Trips
Hunting Trips
Outdoor Celebrities

Fishing Trips/Charters
Special Outdoor
Outdoor Education

Rafting Trips
Tours Special Camps
Special Ranches

Benefit4Kids has an in-depth program of establishing eligibility of the child, medical release forms, liability waivers, and any Physician’s instructions deemed necessary.

To become an integral part of this program’s network or to receive an informational packet, please contact the Director listed below for more information. You can also fill out the attached questionnaire and forward to the Directors also.

Respectfully,

Board of Directors

Outdoor Wish Program Questionnaire

Benefit4Kids has produced the following questionnaire for you to fill out. Please take a minute to fill it out. Do not feel alarmed by some of the questions. They do not all necessarily pertain to any individual children, but on occasion, a situation does arise that we must take into consideration.

- 1) What type of services do you feel you can offer?
- 2) What are the age limits, if any?
- 3) What altitude do you operate at?
- 4) Can you be set up to accommodate a wheelchair?
- 5) Can you accommodate any family members?
- 6) If so, what would be your limit of members?
- 7) What is the approximate distance to the nearest medical facility?
- 8) Do you have refrigeration available for medications if necessary?
- 9) Will cellular telephones work in your area?
- 10) To what destination point would transportation be necessary?
- 11) What would you estimate the cost of "wish" to be?
- 12) Would you like to donate part or all of the costs?
- 13) Would you like to participate in the national exposure of this "wish"?

Please send this completed questionnaire to:
