Outdoor Wish Program

Benefit4Kids would like to take this opportunity to unveil our Outdoor Wish program to your organization. The Outdoor Wish program has been designed to allow children with debilitating conditions or terminal illnesses an opportunity to experience the outdoors in a way they would not otherwise have the chance to do. We feel that there is no reason a child should ever be denied their “wish” for an outdoor experience.

Our goal is not only to accommodate the child’s wish, but to also see that at the very least part of the immediate family are included in the “wish”, so that they may share the experience, creating invaluable memories together.

Currently, Benefit4Kids is compiling an extensive network of guides, outfitters, and other organizations that can not only accommodate a child such as described above, but would genuinely be interested in helping out just such a child.

The Outdoor Wish network will encompass, but is not limited to, the following types of “wishes”.

Camping Trips
Hunting Trips
Outdoor Celebrities

Fishing Trips/Charters
Special Outdoor Tours
Outdoor Education

Rafting Trips
Special Camps
Special Ranches

Benefit4Kids has an in-depth program of establishing eligibility of the child, medical release forms, liability waivers, and any Physician’s instructions deemed necessary. To become an integral part of this program’s network or to receive an informational packet, please contact the Director listed below for more information. You can also fill out the attached questionnaire and forward to the Director also.

Respectfully,
Board of Directors
